SREEHARI S

SUMMARY

Senior Software Engineer with extensive experience in developing and maintaining React Native and React.js applications for enterprise clients. Proven track record in designing and developing end-to-end UI/UX, building reusable components, optimising application performance, and implementing Redux state management. Skilled in integrating REST APIs, managing source control with Git, and leading agile teams to deliver production-ready features. Adept at mentoring junior engineers and collaborating with cross-functional teams to elevate user experience. Career goals include advancing expertise in mobile app development and contributing to innovative software solutions.

EXPERIENCE

Senior Software Engineer, **07/2022 - 07/2026**
Zero Pixels Technologies

- Architected scalable React Native solutions by defining robust directory structures, centralised state management, and optimised data flow patterns.
- Develop and maintain React Native and React.js applications for enterprise clients.
- Build reusable UI components, and optimise application performance continuously.
- Implement Redux state management and integrate REST APIs, end to end.
- Collaborate with stakeholders and agile teams to ship production-ready features.
- Manage source control and release workflows using Git daily.
- Mentor junior software engineers on coding standards, best practices, and methodologies.
- Collaborate with cross-functional teams to define system requirements, and improve UX.
- Lead software engineers in designing innovative solutions within tight deadlines.
- Design and implement complex software solutions for Lilypad, and then maintain them.
- Created wireframes, prototypes, and high-fidelity designs to visualise proposed user experience enhancements.
- Designed intuitive user interfaces for mobile and web applications, enhancing user satisfaction and engagement.
- Projects: LilyPad Mobile App (React Native), New Vendor Experience (ReactJS & NextJS).

CONTACT

Address: Kollam, Kerala, India
Phone: +91-9645589011
Email: sreehari9011@gmail.com
Date of birth: 05/10/1992
Nationality: INDIAN
Marital status: Married
Gender: Male

SKILLS

- React Native
- React.js
- Next.js
- TypeScript
- JavaScript (ES6+)
- Redux and Redux Toolkit
- Context API
- HTML5 and CSS3
- REST APIs
- Git and GitHub
- CI/CD practices
- Agile methodologies
- Scrum framework
- Mobile app development (Cross-Platform, Android/iOS)
- Code review practices
- Performance optimization
- Component architecture
- Debugging techniques
- UI/UX design principles
- Problem solving
- Team leadership

Mobile Developer, **09/2017 - 07/2022**
PIT Solutions

- Developed cross-platform mobile applications using React Native.
- Created reusable components and optimised user experience.
- Participated in code reviews, debugging, and production support.
- Worked closely with clients to implement feature enhancements.
- Collaborated with cross-functional teams to define, design, and ship new app features, meeting tight deadlines.
- Researched concepts and terminology to stay abreast of best practices for coding mobile apps.
- Projects: Sharjah Police Mobile Application (React Native), SunnyClock (React Native), and Amoulet App (React Native).

EDUCATION

M.Tech, **Image Processing**, **2017**
College of Engineering - Karunagappally

B.Tech, **Computer Science**, **2014**
College of Engineering - Vadakara
